

FRESHDIRTT

COMMERCIAL | OVERLAND PARK, KANSAS

ISSUE #428

ABOUT THE PROJECT

What if a space could inspire collaboration? Or entertain better dialogue to solve the latest business challenge? Sleek, integrated technology and writable surfaces inspire teamwork. Employees are loving the new media wall as a focal point in the Sprint Living Lab. And as the business evolves, DIRTT will be ready for upgrades without the waste or downtime of conventional construction.

DIRTT SOLUTIONS

- Accessories
- Glass and solid walls
- Integrated technology
